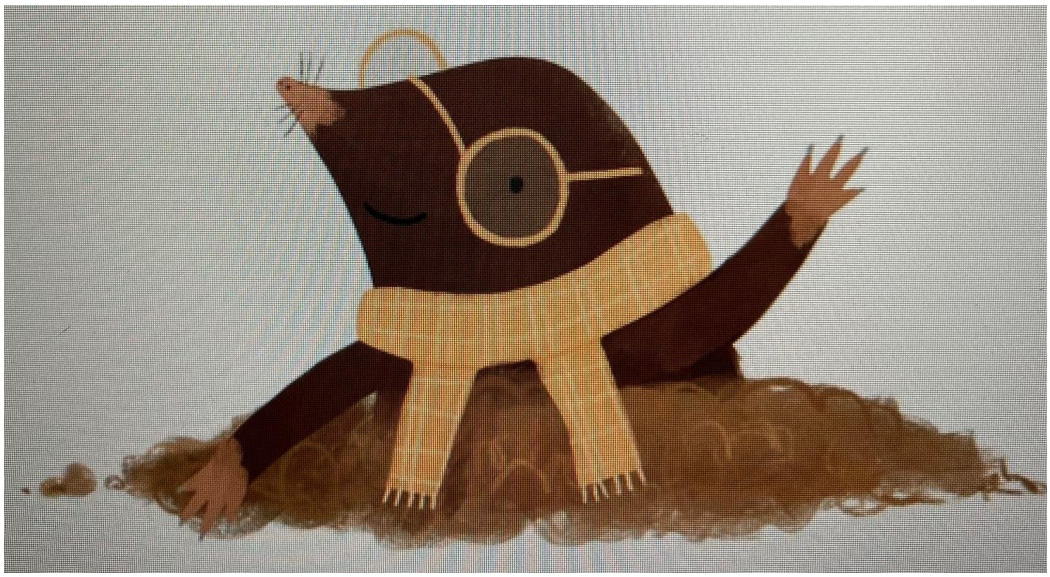
February 2023



Sadly our resident moles were becoming rather too active near the lawns and, with spring on the way, who knew what would happen…. ……Mole Man located and trapped 5 who have now departed……hopefully the neighbours don't take advantage and move in!

New Pavilion. Building Works continue on site. Unfortunately bad weather throughout January meant building work was badly hampered. The good news is that the roof covering is now fixed, the cladding panels were delivered to site on Monday and the windows are due to arrive shortly.
Any queries or suggestions to be discussed with Fran. Please continue to keep yourself and your car out of the way as much as possible and be aware when accessing the stores. Park on the grass past the old Pavilion or at the top of the slippery steps.
PLEASE continue to take special care!
